# Our charity mission

*“There is an endless source of energy to use to the advantage of the UK economy and communities: first and second generation migrants are hungry for achievement. They are driven to prove themselves and gain recognition in their host country. I know from my own experience that 30 years after moving to the UK, I still have a strong sense that I want to do something for this country that welcomed me as a young person.”*

Elham Fardad,  
Migrant Leaders Founder & CEO

## About Migrant Leaders

Migrant Leaders is an independent UK registered charity programme, which works directly with young people from deprived backgrounds, educational institutions, communities and large corporates to inspire and develop disadvantaged young people and in particular young migrants. Our aim is to provide bespoke support to equip talented young migrants with the knowledge, skills and confidence to enter and take on leadership roles in major public and private sector organisations.

## Our mission

Our mission is to equip every young migrant regardless of their background, with the leadership mindset and capabilities they need to capture opportunities to fulfil their potential. Concurrently they will feel productive and valued members of British society, thereby boosting social mobility, tackling discrimination and strengthening communities.

# Words from our Patron

“As a patron of Migrant Leaders it gives me enormous pleasure to provide a message of support of the work that our charity carries out to develop and help young migrants fulfil their potential.

The valuable Parker Report highlighted that citizens of colour represent only 2% of FTSE100 Boardrooms compared to 14% of UK population. Migrant Leaders carried out further research and looking at the same population this number goes down to only 1.3% who migrated to Britain and almost all were privately educated. Migrant Leaders sets out to change this.

The value of this diversity to the growth of the British economy and the benefit to everyone in British society is immense. I wholeheartedly believe in the Migrant Leaders mission and the intelligence and resilience it has taken to bring it to where it is today.”

Dr Yvonne Thompson CBE FKCL,

Committee Member

# Our vision and outcomes

Our programme aims to ‘Give Back to Britain’ by sharing our programme with all young people from under-represented and deprived backgrounds. We deliver this development programme at no cost to young people or educational institutions:

**Mentee:** Bavisha Guiga Babu  
A Level Student

**Mentor:** Barbara Gottardi  
Chief Information Officer, HSBC

“Due to my parents being immigrants from India and Portugal, it was hard for me to make use of their experiences and contacts however Migrant Leaders has provided me with the opportunity. Learning about and utilising the experience of my mentor has made me more aware about the importance of always developing new skills through jobs or work experiences I take. My mentor’s understanding and friendly behaviour meant that it was much easier for me to ask questions to my mentor and thus form a clear vision of how I can get into a good career.”

**Impact:** Gaining corporate insights, senior connections and vision of a top future career. Now studying for a Masters Degree in Mathematics at Kings College, London.

**Mentee:** Luke Sagay  
University Student

**Mentor:** Elham Fardad  
Senior Manager, Ernst & Young

“My mentor has encouraged me and helped me remove very real barriers in taking up work experience opportunities in leading firms. Without her direct advice and help to build an outcome driven mindset, I might have let those opportunities pass me by. She made me understand that these decisions early on in life will set the direction for the rest of my career. She has given me a vision for my future which my family alone as migrant parents from Nigeria and Dominica may not have been able to give me. The end result was that I have secured a graduate job offer with EY even before I finish my degree.”

**Impact:** Raising aspirations and obtaining work experience opportunities. Now on a graduate training programme at EY.

*“The leadership in the FTSE100 is not as diverse as it should be. That is why I chose Migrant Leaders to be my programme of choice.”*

Diego Henriques,  
General Manager, Anglo American

**Mentee:** Heli Shah  
A Level Student

**Mentor:** John Ashworth  
Senior VP Finance, Smith & Nephew

“I want to be the most successful accountant in the UK. My parents are originally from India and my father works hard as a bus driver so I have learnt so much by hearing from my mentor about the life of an accountant and what needs to be done to be a successful accountant in the UK. I have really enjoyed listening to him and learning from him. Thank you for setting me up with such a great mentor. I want to build my skills, learn and put my knowledge into big firms to make them the most successful in the UK.”

**Impact:** Building the roadmap and knowledge to achieve career aspirations & personal dreams. Now studying for a Bachelors Degree in Accounting & Finance at Kings College, London.

**Mentee:** Hitik Jaihanta  
A Level Student

**Mentor:** Sabry Salman  
Managing Director, Barclays

“I believe this programme is an excellent platform to fulfil my aspirations of being a successful investment banker and will help me to reach the highest level within my field. I aspire to lead my firm and dominate the banking sector. I hope to use my skills to contribute to the economy and I believe this programme will give me an excellent platform to do so. The opportunity to be matched to such a senior mentor and role model in the field I wish to excel at is something that would have been almost impossible given my parents type of work and migrant background.”

**Impact:** Providing relatable role models and connections to the right mentors based on career aspirations. Now studying for a Bachelors Degree in Economics at London School of Economics & Political Science (LSE).

*“There are so many high potential people who come from circumstances which makes it hard for them to fulfil their potential. The Migrant Leaders programme is a perfect example of how to bridge this gap and we look forward to continuing this partnership.”*

Philip Smiley,  
Chief Executive Officer, Kantar Consulting

**KANTAR**

**Mentee:** Wasifa Khalid  
A Level Student

**Mentor:** Dr Sayee Papineni  
NHS Consultant

“This development programme and my mentor have given me opportunities by visiting the UCL campus with me before my interview where my mentor graduated from herself and she did a mock interview with me which led to UCL offering me a place. She even worked with Migrant Leaders to arrange for an afternoon of talks by doctors from different specialities including the first female black orthopaedic surgeon appointed in the UK who was born in Guyana. The Migrant Leaders special development programme has made me realise I can achieve my dream of helping people and developing countries through my career in medicine.”

**Impact:** Providing insights and access to inspirational relatable role models in chosen field. Now studying Medical Sciences at University College London (UCL).

**Mentee:** Kanav Moudgill  
A Level Student

**Mentor:** Lester De Leon  
Vice President, Standard Chartered Bank

“I moved to the UK at the age of 11 with hopes and dreams of becoming an Aerospace Engineer. I knew that I may not be able to afford to go to university and that I should explore different career options. Migrant Leaders matched me to a mentor I could relate to and when I decided to explore degree apprenticeships Elham personally connected me with her senior contacts in GSK, Airbus and GKN Aerospace. The mentoring, experiences, advice and contacts the Migrant Leaders programme has given me has been incredible. I hope that I can give back to the programme by fulfilling my potential.”

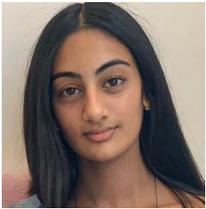

**Impact:** Connecting to senior leaders in top companies in the chosen field. Now studying for a Bachelors Degree in Aerospace Engineering at University of Manchester.

*“I really believe in the cause that Migrant Leaders supports which is to create a landscape where there is equality of opportunities for 1st and 2nd generation migrants to really succeed.”*

John Ashworth,  
Senior Vice President, Smith & Nephew

**Mentee:** Nirali Shah  
A Level Student

**Mentor:** Bhavin Shah  
Head of Debt Products, RBS

“My mission in life is to use my disadvantage to my advantage and until I joined the Migrant Leaders programme I did not have the connections to get this opportunity. My Migrant Leaders mentor arranged for me to gain work experience in an accountancy firm and also helped me consider and apply to degree level apprenticeships in my gap year. This guidance, support and feedback has been so important to me and an opportunity that I would not have otherwise had.”

**Impact:** Providing guidance and the connections needed to action career decisions. Now on a gap year working with Migrant Leaders to secure a degree level apprenticeship.

# *A bright future through collaboration:*

Our vision is to scale up the charity's impact to reach out to more young people across Britain. We will concurrently continue to build further corporate partnerships to widen young people's horizons and provide them with opportunities and work experiences.

We have deepened the support we provide to our mentors and mentees through further guides, training and webinars illustrated by the launch of our Digital Zone and operations team. In response to the disproportionate impact of Covid-19 on disadvantaged young people we are addressing the deeper root causes of the challenges migrants and ethnic minorities in disadvantaged communities face by launching a mobile app to deliver families further support by providing pro bono expert advisers, support and connections to the wider economy.

## Our Model to Develop Success Characteristics in Young People and the Sustainable Leaders of the Future

### Adds Value

Attains the motivation and self discipline required for real focus on operationalising a vision, supporting plans and execution of those plans.

### Builds Self

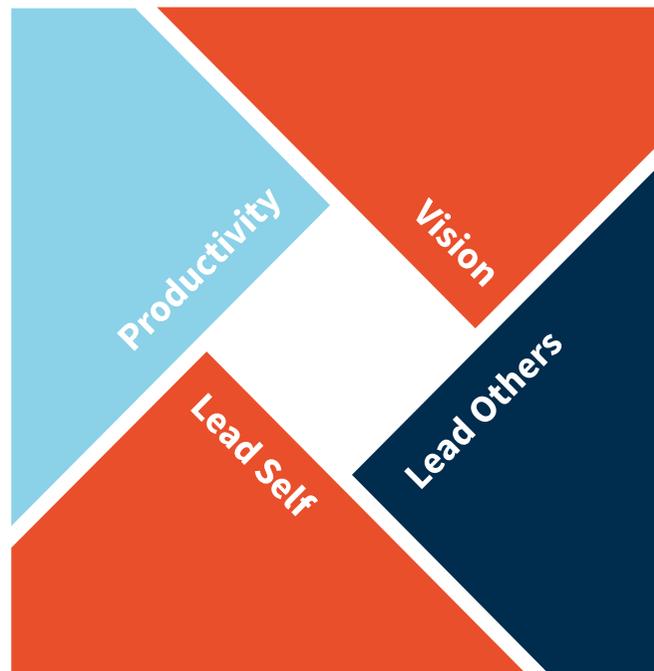

Develops self awareness and gains an understanding of own needs in order to achieve happiness. Maintains a positive attitude, builds resilience and patience in achieving own personal objectives.

### Works at Pace

Demonstrates continued determination and the physical and mental endurance and momentum required to see through to the end objective and beyond.

### Instils Trust

Demonstrates behaviours and strengths that instil trust in a leader. These include the ability to inspire, confidence, decisiveness and clear communication.

### Intense Ambition

Attains a firm belief in own ability to achieve own objectives and has the courage to commit to that responsibility.

### Builds Others

Demonstrates gratitude for opportunities and makes positive contributions to society. Sets an example through personal integrity, empathy, compassion and respect for others.

### Vision of the Destination

Has the creativity, intuition and proactivity to devise a vision of the end result. Leverages curiosity and adapts vision to the environment and resources.

### Trusts Others

Learns to trust others and give people a chance so we place trust in each other and demonstrates this through flexibility of approach, honesty and tact.

These 4 level 1 'capability components' describe our 'Young Leader Model' framework. No leader is the best in all these 8 level 2 traits, though the strongest leaders achieve a good level on all 8 traits while showing exceptional strength in particular traits. This framework aims to balance work and people skills. The critical factor determining young leaders' development is early self awareness and guidance on the level 3 behaviours, capabilities, values, emotional and social intelligence needed to succeed in their life, in Britain and their chosen career. It is assumed that 'technical functional expertise' to enable progression in their chosen career is developed during their education, work experience and employment when they are on the right path leveraging the above traits.
